

Transparent Timesavers!

Transparent Touches & Tags offers a variety of transparency products that are designed to save you time when putting together your layouts. You will find that scrapping with these products is **fast, fun, and EASY!** Over 200 unique transparencies available! New designs are added often.

Our 8 ½ X 11 transparencies work great with 12 X 12 pages because it leaves room on the sides for more pictures or embellishments. Each transparency has a built in photo box to show you where to place your photo. You can have a fabulous layout in just minutes!

How To Use This Transparency

- Choose background paper that coordinates with the theme and pictures you'll be using.
- Decide where you would like to place the transparency on your page and adhere the top two corners with mini glue dots. You can also use brads, staples, clear adhesive spray, paper clips or even stitch it to the page.
- Now you can place adhesive on the back of your photograph and place it under the photo box that is on the transparency.
- Next, embellish your layout as desired.
- When your layout is complete, adhere the bottom two corners of the transparency to your scrapbook page.
